MEMORANDUM TO: Chief, Resources Division, ORR  
ATTENTION : [REDACTED]  
THROUGH : Chief, Requirements Branch, Reconnaissance Group, CGS  
FROM : Chief, CIA/PID(NPIC)  
SUBJECT : Hydro Electric Power Plant Search near Chao-Ping,  
Communist China  
REFERENCES : (1) ORR Requirement 41/62 (Revised 17 June 63)  
(2) CIA/PID Project No. C756/63

1. This memorandum is forwarded in response to your above mentioned requirement which concerns a search and description of a reported hydro electric power plant near Chao-Ping, Communist China.

2. No hydro electric power plant was discernible within the Chao-Ping area. The area of search covered a 30 nm radius of the reported location (24-06N/110-48E). The only unusual activity identified within this area is a possible area of construction which does appear near the reported location (see enclosure). This possible construction activity appears unusual and is evident within the flood plain on both sides of the river approximately 5 nm south of Chao-Ping. This activity, if it is in fact construction activity, is in very early stages and this coupled with the photo quality does not permit further interpretation at this time.

25X1D

3. Only two cloud-free photo missions were available over this target area - these are [REDACTED]

25X1D

[REDACTED] respectively. Photography from the latter mission was poor quality high oblique and was not used in this study.

25X1A

4. The photo-analyst assigned to this project was [REDACTED] who may be contacted on extension 2607 should you have any questions concerning this project. This memorandum completes this project.
